WWF-CDNX

Winfield Resources Limited (the "Company", WWF-CDNX) wishes to announce that it is engaged in a program of due diligence regarding certain diamond bearing alluvial gravels, located in Mato Grosso State, Brazil. This program is to confirm whether or not the property has economic merit. The program will consist of grid work, including line cutting, electro magnetic surveys, Trado auger drilling, and a bulk sample trenching program.

At this time the Company is only performing a due diligence review of the property.

The Company holds no interest in the property and has not entered into any agreements or arrangements in respect of the property.

On Behalf of the Board of Directors,  
WINFIELD RESOURCES LIMITED

"Michael Foley" President
