**WINFIELD CLOSSES FINAL TRANCHE OF FINANCING**

Winfield Resources Limited (“Winfield”) (WWF.H:TSXV) announced today it has closed the second and final tranche of its non-brokered private placement of up to 10,000,000 units at a price of \$0.05 per unit. The second tranche consists of the issuance of 2,310,000 units for proceeds of \$115,500. Each unit consists of one common share and a warrant to purchase an additional common share at an exercise price of \$0.10 per share on or before September 28, 2011.

The securities issued pursuant to the second tranche have a hold period expiring January 29, 2009. Finder’s fees of \$6,400 cash are to be paid on the private placement.

Winfield’s primary business is the engineering, procurement, construction and management of crude oil refineries. Winfield’s intended business includes the building, owning and operating of one or more oil refineries in Northern Africa.

On behalf of the Board

**Robert Michael Foley**  
President and CEO

Certain statements herein may constitute “forward looking” statements that involve known and unknown risks, uncertainties and other factors that may cause our actual results to be materially different from any future results expressed or implied by such forward looking statements. These statements relate to future events and reflect the expectations of management regarding business prospects and opportunities. Such forward looking statements reflect current beliefs of management or of the third parties to which they are attributed and are based on information currently available to us. In some cases, the statements use such words as “may”, “will”, “intend”, “should”, “expect”, “believe”, “plan”, “anticipate”, “estimate”, “predict”, “potential”, “continue” or the negative of these terms or other similar terminology. These statements reflect current expectations regarding future events and speak only as of the date hereof, or in the case of third party statements as of the date on which they were made. Forward looking statements involve significant risks and uncertainties, should not be read as guarantees of future results, and will not necessarily be accurate indications of whether or not such results will be achieved, and there can be no assurance that actual results will be consistent with these forward looking statements.
